

## **AUTHORISED ABSENCE FROM SCHOOL DURING TERM-TIME**

As you may be aware from recent coverage in the media, from September 2013 the guidance for schools regarding the authorising of absences is much more rigorous and stricter guidelines have been put in place. The reason for this is that any time missed in education has a significant impact on your child's progress and achievement.

According to the Department of Education, parents/carers who take students on leave in term-time without permission are **at risk of a penalty notice fine**. In addition, following the new government legislation, **a child could also risk losing their place** at Fir Vale School which presently has long waiting lists for each year group.

**If there are emergency circumstances where you feel you need to take your child out of school during term-time please contact us for further advice BEFORE making any arrangements.**
