

Year 9 Subject Options

MATHEMATICS

Qualification: GCSE Mathematice

Exam Board: AQA Linear

Level of Achievement: GCSE A*-G

Subject Content & Key Points

During this course you will study the main strands of Mathematics:
Number, Proportion, Algebra, Geometry and Statistics

Calculators will be used at times and you will continue to be taught written and mental methods of calculation. Pupils who have their own suitable calculator in lessons and at exams will be much better prepared.

If you want a career in: Engineering, Computer Science, Business, Teaching, Medicine, Finance, Management or Science then a good grade in Maths will support this.

Assessment – How you will get your final grade

Students will complete 3 exams at the end of year 11. Together, these will make up their entire GCSE grade.

Paper 1: Non-Calculator

- written exam: 1 hour 30 minutes
- non-calculator
- 33⅓% of the GCSE Mathematics assessment

Paper 2: Calculator

- written exam: 1 hour 30 minutes
- calculator allowed
- 33⅓% of the GCSE Mathematics assessment

Paper 3: Calculator

- written exam: 1 hour 30 minutes
- calculator allowed
- 33⅓% of the GCSE Mathematics assessment
